# STUDENT AND STEP UP FLUTES

## JUST FLUTES JFL-101 "APPRENTICE"

JUST  
*Flutes*  
Apprentice

★★★★★ Rated 4½\* by customers

### The Apprentice: our best-selling flute for small children.

Used by young beginners worldwide, the Just Flutes JFL101 "Apprentice" flute is just perfect for small hands. With an ergonomic reduced key system, a one-piece body and footjoint to low D, the Apprentice is light, a great size and produces a lovely full sound. Recommended for 6-8 year olds.

## YAMAHA YFL-211 SL

**YAMAHA**

New model from Yamaha with the same features as the popular YFL211 model plus a solid silver lip-plate for a full sound and excellent response. **Outstanding value.**

## PEARL PF-F665 "QUANTZ FORZA"

Step-up flute with top-line features including "Forza" handcut headjoint, Pearl's patented pinless mechanism and French pointed key-arms. Available with open or closed holes, and C or B footjoint.

## AZUMI AZ-Z1 REGP

★★★★★ Rated 5\* by customers

Special edition model from Azumi featuring an Altus handcut headjoint with 24k gold-plated lip-plate, riser and headjoint bore for a rich, dark sound. Open holes, E mec, C footjoint.

## AMADEUS AF-800

Step-up flute produced by one of the most prestigious flute makers, Wm AMADEUS S Haynes. Silver headjoint with 14k Wm S. HAYNES Co. riser, open holes, offset G, E mec, C# trill and B footjoint. Friendly to play on with a big, full sound.

## AZUMI AZ-S3

### The Azumi range from Altus is one of our most popular upgrade flutes.

The S3 features an advanced "S-Cut" Altus headjoint with a round embouchure hole, for players who prefer a dark sound, and a Britannia silver tube gives enhanced projection and an evenness of sound. Plays far above its price. Open or closed holes, C or B foot.

## ALTUS 807

### Our Number 1 intermediate flute.

Outstanding value for a Japanese flute: warm sound with peerless build quality and intonation. Silver-plated with silver lip, open or closed holes.

## MIYAZAWA BR-402

## SANKYO CF-201

The Sankyo CF201 features an "RT-1" raised lip-plate, for a responsive headjoint with a big bright sound, excellent projection and wide dynamic range. Silver headjoint with silver-plated body, open or closed holes.

Hand-finished silver flute with silver-plated mechanism. Featuring 'Brögger System™' thumb key for a more ergonomic, stable, precise mechanism with less wear. Available with open or closed holes.

## HAYNES "JAMES GALWAY Q SERIES"

### The new model designed with Haynes Artist Sir James Galway offers value far beyond its price.

With a new headjoint cut, mechanism style and footjoint cluster, all designed in conjunction with Sir James, this flute plays with ease. Even without the gizmo key on the B footjoint (a 'signature' of Sir James), the Galway Q Series has excellent tuning and a full sound in all registers.

## YAMAHA YFL-600 SERIES

With a new 'Type AM' headjoint, Straubinger™ "Phoenix" pads and a heavy-wall tube for a full sound, the revamped 600 series Yamaha flute is totally different to anything else at this price point.

## MURAMATSU EX-III

The Muramatsu "Velvety", "chocolaty", "smoky" flute are some of the words that flute players use to describe the EX. Beautiful rich sound and a light responsive mechanism.

## COMPOSITE MATERIALS

GUO TOCCO PLUS - Ultra-lightweight, bright colours	
C/H, offset G, E mec, C footjoint	£550.00
GUO NEW VOICE - Light composite, white, grey or bronze	
O/H, inline G, B footjoint	£725.00
GUO GRENADITTE - Grenaditte, black	
O/H, inline G, B footjoint	£1,400.00

## HAYNES FUSION-O

With a tube formed from two sleeves of metal (an outer tube of 14k rose gold, inner of a 95% silver/5% platinum alloy), this unique instrument combines the three core precious metals used in flutemaking, resulting in a dark-sounding instrument which is an absolute joy to play.

## POWELL HANDMADE WOOD FLUTE

The warmth of a wood flute combined with the ease of play and response of a metal flute makes Powell the obvious choice for players looking to move away from silver. Seasoned grenadilla wood with solid silver keys, rings, straps and posts. Available with C or B footjoint.

# PICCOLOS, ALTO & BASS FLUTES

## YAMAHA YPC-62R PICCOLO

An excellent upgrade piccolo, the YPC-62R is wooden construction with silver-plated keys, and features a reform-style embouchure, which makes this instrument especially responsive and rewarding to play.

## BULGHERONI 601RM PICCOLO

An instrument that can be relied upon to deliver the goods every time is absolutely essential, and this is especially true for piccolo players. The Bulgheroni 601 does that, and (call us superficial) it looks spectacular too!

## AMADEUS AF-570S ALTO FLUTE

The new AF-570 alto flute bolsters the Haynes Amadeus line's reputation for good-quality instruments at an affordable price. The high lip-plate gives the lower harmonics a boost, meaning a beefy low register and full top register.

## ALTUS 825E ALTO FLUTE

With a beautiful mellow tone and effortless colour changes, the Altus 825E alto has a straight headjoint and cleverly-designed left hand keywork which feels as comfortable to play as a concert flute. Also available with curved headjoint.

## JUPITER JBF-1125ES UPRIGHT BASS

This upright bass flute is played in front of you vertically like a clarinet, and overcomes two major problems associated with a horizontal bass: shoulder discomfort and a lack of playing space. With a height-adjustable floor pin to support the instrument and a thumb rest for the right hand. This flute has a big sound and superb build quality.

## JUST FLUTES JFB-122 "BIG BERTHA"

With a large bore for a full sound and strong projection, Big Bertha is not for the faint-hearted! Includes free knee brace to support the instrument.

# Helping You on Your Way to Your Next Instrument

## *Fair Price Pledge*

We aim to offer the best possible prices for all our new products, comprehensive choice, facilities, service and expertise, and will always try to match (or come close to) equivalent competitors' prices.

## *Low-Interest Finance*

We offer finance through V12 Retail finance. As rates depend on personal circumstance and the instrument you are buying, please ask us for a representative example. Subject to age and status.

## *Sell Your Old Instrument*

We may be able to help you release the value of your current instrument through our Consignment Service. Our commission rate starts at just 15% inc VAT.

## *Perfect Performance Guarantee*

We'll keep your new instrument firing on all cylinders. All new instruments are supplied with our three fold guarantee:

- Performance Set Up
- 12-Month Check-Up
- Manufacturer Warranty

# HEADJOINTS

## MANCKE PICCOLO HEADJOINTS

from  
**£550**

For many years now, choosing a custom headjoint for your flute has been standard practice, but piccolo players have had a harder time finding a headjoint that fits and plays well in tune.

This problem is at last solved thanks to Mancke's adaptable system, which ensures that there is a headjoint to fit all piccolos.

The result is a beautiful selection of headjoints in a range of woods and styles that are guaranteed to improve the response, colour and sonority of your piccolo.

## IAN MCLAUCHLAN "MODEL D4" FLUTE HEADJOINT

**£1,070**

IAN MCLAUCHLAN  
ENGLAND

Ian McLauchlan's new Model D4 headjoint has been designed from the bottom up. Featuring a completely new lip-plate and riser design, the D4 is responsive with an astonishingly even tone over all registers.

## DANIEL PAUL WOOD FLUTE HEADJOINTS

from  
**£895**

Daniel Paul makes flute headjoints in boxwood, grenadilla and mopane following the best English flute making traditions, updated for the 21st century. Excellent for Baroque and Classical performances.

## J R LAFIN FLUTE HEADJOINTS

**CALL**

As used by orchestral players worldwide, Lafin headjoints are known for their purity of sound, clean articulation and projection. Our stock changes regularly, so please call us for current availability and prices.

## ROBERT DICK "GLISSANDO" FLUTE HEADJOINT

**£1,200**

The Glissando Headjoint® gives flute players an entirely new mode of expression, bringing the instrument closer to the sound of the human voice.

Described by Robert Dick as a 'whammy bar for flute', the Glissando Headjoint® is telescopic, with a high performance contemporary cut headjoint sliding inside a carrier tube, meaning a downward glissando can be made from every note! With the Glissando Headjoint® in its "home position," the flute is a traditional Boehm flute and all repertoire can be played as if a traditional headjoint was in use. It can be positioned to tune the flute like any other headjoint.

## CURVED FLUTE HEADJOINTS

SD SYSTEMS	
FX-1 - Clips to flute, pre-amped with volume control	£200.00
LCM-70 - Pro mic, exceptional response	£500.00

## BREATHING TRAINERS

Two useful items for increasing lung capacity and improving breath control.

The Breathing Bag is available in two capacities (5 or 6 litres, for children or adults respectively) and can increase lung capacity and diaphragm strength, while the Breath Builder can help develop a stable and constant air column through better breath control.

## PNEUMO PRO WIND DIRECTOR

The Pneumo Pro takes the mystery out of tone production, by giving visual feedback on the air stream's direction. Shows beginners where to aim the air, while advanced players can improve their flexibility. Useful tool for beginners, advanced players and teachers.

## THE FLUTE TUTOR

From the designer of the Pneumo Pro comes The Flute Tutor, a useful tool to prevent players from rolling the flute in and corrects habitual poor positioning. Easily attaches to the instrument and leaves no marks or scratches.

## FIX-IT SPRING HOOK/SCREWDRIVER TOOL

Perfectly portable, beautifully practical. This multi-tool is a screwdriver and a spring hook in one with protective covers on either end, attached to a key ring loop. Tighten pivot screws, adjust pad heights and reseal springs, wherever you are.

## AUNGLES FLUTE PICK-UP

This microphone has an integrated wooden crown, which replaces your existing crown when in use. Easy to fit and secure. Frequency response 70Hz - 16kHz, 6.35mm plug. Requires 1 x AAA 1.5V battery (not included).

## LEFREQUE SOUND BRIDGE

The lefreQue is a sound bridge that increases the resonance transferred from the headjoint to the body tube of your flute. Produces a marked improvement to its liveliness and response. Available in brass, silver and gold.

## JUST FLUTES CLEANING CLOTHS

Keep your flute ship-shape! Our Gauze is made from bamboo fibres, making it particularly absorbent. A Microfibre is ideal for polishing the outside of your flute, while a Silver Cloth will keep it sparkling and tarnish-free.

# CASES, BAGS, STANDS AND THUMB RESTS

## FLUTERSCOOTER DESIGNER FLUTE HANDBAG

from  
**£70**

For flute fashionistas! Fluterscooter flute handbags are stylish and practical.

Add some glam to your flute. To fit C or B foot flute, piccolo and lots of bits and bobs. Ten fashionable designs, all with plush lining and side pocket.

- Unisex tan leather-effect, with shoulder
- High gloss black leather with shoulder strap
- Turquoise or purple suede
- Patent red leather with shoulder strap
- Sakura Pink or Two-Tone Red vela
- Silver, with shoulder strap
- Canvas in sand or olive colour (no side pocket)

## PRINCIPAL LEATHER MESSENGER BAG

**£150**

Take your flute and the rest of your everyday life in this professional bag. A separate compartment keeps your flute accessible, and the main bag comfortably holds music, laptop, piccolo, stand and accessories. Black or brown leather.

## WISEMAN FLUTE & PICCOLO CASE

**£275**

Light yet strong case you can trust to keep your flute and piccolo safe. By holding your instruments suspended, instead of sitting on supports like in a traditional case, your pride and joy are safe from impacts, drops and knocks.

## BEAUMONT C-FOOT FLUTE CASE COVER

**£26.99**

Beautifully handmade flute bags in five stunning textured designs. Will transform any flute into a fashion accessory even your non-musical friends will want.

Suitable for most C-foot french style cases. Padded fleece lining and shoulder strap.

## FLUTE GELS

**£10**

Pack of two soft thumb/finger rest gels to help keep your hands in the correct position, providing greater comfort than plastic rests. Easy to install and long lasting.

## HERCULES ALTO FLUTE STAND

**£20**

★★★★★ **Rated 5\* by customers**

A highly useful instrument stand for alto flute players. A wide base keeps the stand steady, and optional flute and piccolo pegs (available separately) so you can have all your instruments on one stand.

# MUSIC STANDS, ACCESSORIES AND BAGS

## TGI TABLET HOLDER

Attach to a standard music stand or microphone stand to securely hold your iPad, Surface etc. Your tablet clips in and out of the holder easily, and tilts for portrait or landscape viewing. For home or stage use.

## K&M 10052 EXTRA-TALL MUSIC STAND

Powder-coated music stand with an extra joint, well-suited for tall musicians. Robust, stable and sturdy.

## RAT ALTO MUSIC STAND

The new Alto stand from RAT is virtually unbreakable, and tucks away neatly into a corner. Designed with school use in mind, but great in a music room too.

## UBERLITE U-200U "SWIFT ULTRA" LIGHTWEIGHT MUSIC STAND

Exceptionally light weight aluminium music stand with easy-to-use clip height adjusters. Weighs little over 600g - about 40% lighter than traditional style music stands. Height adjustable between 63cm-128cm (floor to shelf), and includes carry bag. Available in five anodised colours: black, blue, purple, red, silver.

## MUSIC STANDS

HERCULES	
BS118B 'EZ Grip' Music Stand	£25.00
