

Saxophone mouthpieces

Soprano-Alto-Tenor-Baritone

OPTIMUM™

The favorite of classical saxophonists

The conception of this series was the fruit of research on both external shape (particularly the beak) and sound, in order to meet the needs of today's saxophone players.

This series is available for:

- soprano saxophone (SL3, SL4),
- alto saxophone (AL3, AL4),
- tenor saxophone (TL3, TL4),
- baritone saxophone (BL3, BL4).

		CODE	COMMENTS
Soprano	SL3	SM701	Very easy blowing, particularly versatile, meets all needs.
	SL4	SM702	A little more open than the SL3, this mouthpiece rapidly became a standard with saxophonists.
Alto	AL3	SM711	With its exceptional roundness, the ultimate classical mouthpiece.
	AL4	SM712	A little more open than the AL3, while maintaining the sound aesthetic of the OPTIMUM series.
Tenor	TL3	SM721	Roundness, depth and precision.
	TL4	SM722	A little more open than the TL3, a richer timbre.
Baritone	BL3	SM731	The standard baritone mouthpiece.
	BL4*	SM732	Versatile mouthpiece, suits both classical and jazz.

* Versatile mouthpiece: suitable for both classical music and Jazz.
